"WAR BABY" IS CHUBBY LITTLE PRINCESS WITH WHOLE ARMY OF GODFATHERS

A roly-poly little lassie is Princess Catherine of Greece, "war-baby" of Europe, and she's probably the only baby in the world who has 350,000 godfathers. Princess Catherine was born about a year ago when her royal father, king of Greece, was fighting in the Balkans. When the king was appraised of the baby's birth he said that every man in the Grecian army, and there were 350,000 of them, must be godfather to the royal baby.
